Sometimes, the more choices you have, the simpler the decision. **go configure.**
7 different lengths, 10 different arms, 8 different top rails, and 40 legs.... Add these all together and the Bedford Collection can help you create over 20,000 designs. All the possibilities can seem a bit intimidating, but we encourage you to be more excited than overwhelmed.

To help you explore the possibilities of the Bedford Collection we have put together this idea book of sample configurations. Granted it’s only 20 of the 20,000 possibilities, but we are sure it will get your gears turning.

Are you ready?

**go configure.**
